SUBJECT

Soliciting orders of Govt. in the matter of selling the newly formed sites opposite the Northern Arch Gate of the Government House, Mysore, for building purposes.

by the side of the Arch Gate Road, so that a better effect of the view may be secured from the Government House Build--ing in lieu of what hitherto was detracting the general -- appearance of the locality.

3. In allotting these sites, it is proposed to align them as shown on the plan on either side of a proposed --- conservancy lane of 15 feet width from the junction of the Mahadevpur Road and the Gowligar Street running east to west parallel to the Arch Gate Road, so that the five bungalow sites including the two already built upon immediately to the north of the Arch Gate Road, may be of larger dimensions than those of the less conspicuous ones proposed further -- north adjoining the Mahadevpur Road By this arrangement facilities will also be created to convert the present --- compounds of irregular shape of the already existing bunga--lows, rectangular, and to utilize the unused surface land of the tunnel lying at a considerable depth for purposes of a compound

4 The question of re-allotting this ground into --- building sites has received the consideration of the Central Sanitary Board who in their resolution No 4 dated the 5th December 1910 (copy enclosed) recommended the proposed sites being sold by public auction subject to the condition that

that the purchasers shall build houses according to the approved plans.

5. I quite agree to the suggestion made by the Central Sanitary Board for selling the said sites by public auction and solicit the favour of early orders of Government in the matter.
